"Navy training: Students like it. Parents like it. I recommend it."

—Miss Rita Saunders, Guidance Counselor Port St. Joe High School, Port St. Joe, Florida

Guidance counselors like Rita Saunders know many young people who aren't quite ready for college. Or the world of business. Perhaps you, too, know someone who might benefit from a different kind of challenge. The kind of challenge and opportunity for growth the Navy gives them.

Many of these challenging opportunities can be found in Navy training programs. There are openings for Communications Technicians. Electronics Technicians. Aviation Structural Mechanics. And many more. There are over 70 to choose from. And young people who meet Navy standards can find out which ones they qualify for even before they enlist.

As Miss Saunders said, "In the Navy a young person, male or female, is presented with a fine opportunity to make the most of his or her potential and ability."

The Navy.
It means success.

For answers to all your questions, call us anytime at **800-841-8000** toll-free. Or contact your local Navy recruiter.

An Involved Citizen of Lynchburg

First Colony Life believes you must be involved with the community. From our very beginning in Lynchburg in 1955, we've enthusiastically joined with concerned citizens in our community to lend assistance and support to civic endeavors. From restoration and revitilization of downtown to sponsorship of local law enforcement programs, we've been involved. When our local hospitals needed funds for improved medical facilities and new equipment to help save the lives of babies and mothers, we lent a hand. And you'll always find First Colony employees participating in community activities, giving freely of their time, talents and resources. When there is more to be done, we'll be there to help. We're an involved Lynchburg citizen.

First Colony Life joins your families and friends in congratulating the Class of 1976 for the successful completion of this important milestone in your lives and wishes you the best of luck in the years ahead.
